

Enterprise Fleet Management operates a network of more than 50 fully staffed offices and manages a fleet of more than 630,000 vehicles in the U.S. and Canada. Founded in 1957 with a fleet of seven cars, the business provides full-service management for companies, government agencies and other organizations that operate medium-sized fleets of 20 or more vehicles, as well as for those seeking an alternative to employee reimbursement programs. Enterprise Fleet Management supplies most makes and models of cars, light- and medium-duty trucks and service vehicles across North America.

**PRIMARY ACTIVITIES**

 <b>ACQUISITION</b>	 <b>FINANCING</b>	 <b>MAINTENANCE</b>	 <b>REMARKETING</b>
 <b>ONLINE REPORTING</b>	 <b>REGISTRATION AND RENEWAL</b>	 <b>FUEL MANAGEMENT</b>	 <b>ADDITIONAL PROGRAMS</b>

**INFORMATION TECHNOLOGY**

Enterprise Fleet Management continuously invests in information technology solutions to better serve its customers. Recent major investments include:

- A fleet replacement analysis tool that uses predictive technology and analytics to turn data into actionable insights that can inform a variety of vehicle-related decisions.
- A customer website that provides advanced insights into fleet performance and key metrics that enable ownership cost reduction.
- A Web-based Fleet Planning Toolkit that allows access to real-time data for a customer's entire fleet.
- A partnership with Auto Integrate, a web-based repair and maintenance authorization tool accessible to 90,000 auto maintenance and repair shop partners and used by nearly 40,000 preferred vendors.

**CORPORATE RESPONSIBILITY**

Enterprise Fleet Management takes a sustainable approach to business, while partnering with companies, agencies and organizations to help them meet their own supply-chain and corporate responsibility goals.
